Solution Approach

NSQE Process Enhancements

- Process documentation
- Unified Steps across platforms
- Collaboration & Support Channel
- UI Automation for log collection
- Appendix for debug info

Overall Process Enhancements

- System calls and First party calls improvement
- Quarterly approval cycles (Long term approvals)
- Call grouping and RegEx pattern improvement
- Slack notification for Unknown and Dupe Regex matches

Technical Enactments

- Secured Sheets (Paramount Google workspace)
- Sheet naming standardization
- Code Debt fixes & One drive support
- Error message enhancements
- Defect fixes and stabilization
